The cd includes contributions from Mokka ex Ian McNabb band and Gordon McGoochan of the UK's best blues band Goofer Dust and was produced in Manchester's Music room studio and mastered at Courtyard studios. Here's a typical review : 10/10 : Ok, here's my scoop This the 3rd song of yours I've heard. You are Bob Dylan with voice lessons right? There are others but overall it's a Bob Dylan quality but much, much better. Real nice playin' on them guitars. Solo really added nicely on your song. Star 69. Paul From: Paul Bourne So what are you waiting for ??? Tony Ulverston
