Details: The New Old School of Hip-Hop! Ii MCs, Bearcat Krummie, have been creatin their own unique sound since the year 2000. Inspired by all sorts of different artists, they strive to take their inspirations combined with their own views and preferences to show their own style of hip-hop. Theyre not ghetto, theyre not hood, and they dont attempt to be. Though this duo doesnt fit the rapper mold, theyre out to prove that two white boys with college educations from middle class IOWA can hold their own in the Hip-Hop game. From their 2004 debut album, Serious Humor, to their 2006 album, Welcome Ii Chuchnia, Ii MCs have created music that relates to how they live- its all about partyin, girls, and past experiences in life. In other words, they provide jaw-droppin, eye-poppin, hip-hop music that most people can relate to. What do u get when u take true reality sprinkled with a little humor?.....Ii MCs! Within the last year the duo has been traveling throughout the midwest performing live, including an opening spot for Jurassic 5 in Milwaukee WI. Also in July Krummie was flown to New York City after qualifying within the top 25 for VH1's "The Next White Rapper Show. To all the fans, we thank you for all of your support!!! Iowa hip-hop. Love it. Hate it. Support it! Be Real!
