Jason Patchett Bio: Some people are born knowing what they want to do, some have been given significant talents to pursue their passions, and some just have the hope of a dream. To have all of these in one package is unique, even a wonderment. Jason Patchett is one such artist that seems to have all the right stuff, but in the world of music, that may not always be enough. One dynamic feature Jason possesses that sets him apart from many is complete drive and whole-hearted dedication. From a very early age, Jason Patchett pursued music each chance he was given. From symphony orchestras to elite choirs, Jason has traveled down the road of music for much of his life. He has become an accomplished songwriter, having written the majority of the songs on his latest project - "Are you ready to go?" Not stopping there, he has also become a seasoned musician on piano, guitar, and violin. Against the grain, Jason is not and does not come off as an attention-seeker. On the contrary, when his music is heard and heart words are felt, the ordinary turns to extraordinary and the love of God takes center stage. Asking Jason what he considers to be the source to his accomplishments, there would be three goals in everything he strives for: Music, Motivation, and the Message. These are the elements that Jason has put in his new project. - "Are you ready to go?" Talking with the young artist, it becomes clear his passion for music, and his determination that motivates every pursuit. But it is his love for Christ that makes his message stand out. From titles like "The Wonder", "Where Do You Go", and "Walking in the Light", it becomes clear that he wants listeners to dive a little deeper, ask questions, and not become comfortable with where they stand. This project is chalked full of

challenging lyrics and intricate melodies. As a singer-songwriter, Jason captures your heart from the first note and makes you consider the wonder that Jesus reveals. Jason Patchett already knows the answer to the question, but sometimes it's still a good reminder - "Are you ready to go? "
