Discovery of sound Opens space Immense worlds with unimpaired energy. _____ "Also this music is recorded in the realm of my inner home. It is a Zen meditation on my Bassclarinet. It just felt right. I'm proud that this piece of music captures the present solemn private inner sphere. Nothing is wrong, the flow of the music is improvised in a deliberate way, every breath, reed vibration and key click is captured. While playing the music it was a discovery of sound, creation of space combined with the physical feel of clarinet playing, concentration and meditation. When listening again to this music it opens immense worlds with unimpaired energy. I hope you enjoy this music and that it takes you on your journey. It is still travelling with me."
