Alternative contemporary country single 1 MP3 Songs COUNTRY: Alt-Country, COUNTRY:

Contemporary Country Details: I write and sing my own songs. I am 28 years old and Georgia born and raised. I wrote this song called "home" for the men and women of our United States Armed Forces and their families. I dont want this song to imply in anyway rather I believe we should be at war but yet to give our troops the respect they deserve and to let them know we are waiting for them to come home. My nephew and my son went into the Marines and I am very proud of them. This song hits home with me because I went through it. Its hard to think your alone with this kind of pressure. I wanted other families to know that they are not by themselves. Especially Veterans because they sometimes think we have forgotton them and we havent and the ones that didnt come home. We love all you guys. And thank and thanks to God because without him nothing is possible. People who are interested in Tim McGraw Jason Aldean should consider this download.
