[DOWNLOAD HERE](#)

Sonic, melodic, atmospheric guitar band. 10 MP3 Songs POP: British Pop, POP: Power Pop Details: Someone said Moses McCartney embodies the pre-Nirvana definition of alternative rock. Good one. Clearly, Moses lifted its sound from that magical late 80s/early 90s era. Ah, the rock. No one's safe. But it's all Beatles in the end, isn't it? Postscript: Moses McCartney members have other projects they'd love you to hear. Vocalist Dennis Crupi has a thing called Primitive Painters, and guitarist Mike Kamoo is doin' it up with The Stereotypes. Check 'em out right here on CD Baby. Cheers!
