Banjo-Infused Psychedelic Americana 18 MP3 Songs POP: Folky Pop, COUNTRY: Bluegrass Details: First Collection of rare mountain music, most recordings never before heard by humans. Superstitious commune of Freaks who jam out on the porch and take you high. Fake Folk, Freak Folk Yabba Dabba Don't. You will smile, listen to it twice and pass it to your friend at work. Dig. plasticineporter.com The byProduct of Plasticine Porter resembles Post Modern Mountain Music. The minimalist sounds of string pickers just a-hangin out on the porch bonding musically in what certain circles refer to as a Jam. So get off your ass and join us. Buy this batch of tunes and contact us to set up an appointment on Your Porch. Our music is Deconstructionism. Where other string bands blend 4, 5 and 6-stringed boxes into a stew, we take it apart and present each texture on your plate all pink and naked. That is the essence of Plasticine Porter, that is the sound of banjo-infused psychedelic Americana. If you like Earl Scruggs, Bill Monroe, Doc Watson or the Foggy Bottom boys; you will hate Plasticine Porter. If you have ever drank too much moonshine and needed to stick your finger down your throat, you will get it. We are the finger. Our music is something that you may not want, but, by God, you need. Now more than ever let Plasticine Porter give you the finger. Bon Appetit.
