provacative. A west coast vibe incorporated with that ohio trunk funk sound. the type of ride music for cats who like to lean back. 9 MP3 Songs HIP HOP/RAP: Hardcore Rap, URBAN/R&B: Funk Details: Preach has always been involved with music since he was a child. Born and raised in Youngstown Ohio (currently residing in Virginia) he was brought up around a family full of musicians. Now he has taken his influences from such groups like Parliament-Funkadelic, Cameo, Zapp, Ohio Players, Snoop Dawg, Dr. Dre, Dj Quik and others of the same realm and written and produced his first cd: "Ohioplayalistic." In this cd you will hear pretty much all of these influences. Some friends like to call him the "Game Rapper" because he speaks about the pros and cons of the street game. He's soon to drop his sophomore cd (not titled yet) sometime this summer. For the riders this is a must have.....Enjoy!

----- 10-15-05 First off, I like to thank all those who bought the "Ohioplayalistic" CD. Your support is greatly appreciated. I apologize for the delay of the sophomore cd. The cd is completed but I first had to produce another artist. His name is Shyleek! He's an R&B balladeer who I feel you will dig into your hearts with his everyday real life lyrics. Now available on cdbaby. I also had to pack up and relocate back to Ohio! My home state. So to my fellow Ohioans, I came back home! Thank you for welcoming me and my family back. My sophomore cd is scheduled to be released sometime this early winter. Again thank you for your support and patience..... Preach a.k.a. Super Nova!
