

Mp3 Rob - Come To My House

[DOWNLOAD HERE](#)

Rob's CD is a mix of smooth R&B with a hint of pop over tones. 11 MP3 Songs URBAN/R&B: R&B Pop Crossover, POP: 90's Pop Details: With songs that instantly place you in the time and space of their moment, Rob's CD will surely have you saying....."I've felt that way before" Rob's CD is written from such true life experiences, that you cant help but feel grown Sexy . Along with his writing partner Danny Ferran, Rob's CD takes you through the highs lows of love's emotions. Rob knew from an early age that he wanted to pursue a musical career. His love of music was inherent and he was encouraged to take piano lessons at an early age. You can here the influence of a few of his favorite artists like the emotional power of BabyFace. Or the skillful writing of Brenda Russell as well as the warm flow of Luther. Rob truly showcases his talents in the myriad of songs that he co producer D. Ferran have written. Notes lyrics are constantly continuously floating around in Rob's aura, so the idea for writing the lyrics to a song can come from any part of his life's experiences, as well as from any one that he might meet. Rob has showcased his talent at many venues on the Manhattan club scene. He has appeared in a diverse array of clubs such as B52, Club Rio, Justin's, Le-Bar Bat, Shine, Night of Stars Cafe. Whenever Rob appeared at a club, the spectators would welcome him with an affectionate round of applause. The crowd was truly satisfied and always got their money's worth! He swooned the listeners and kept them captivated when he sang "You Probably Didn't Know". Then Rob would switch gears and get the crowd to its feet to dance to "I'd Rather Be With You". Whenever Rob was on the bill, his supporters knew that they were in for a real treat. To experience Rob performing is not like going to a concert. It's as if you went on a magic carpet ride with him, and you are the only person that he is singing to at that moment in time. So give yourself a real treat and lay back, relax and allow yourself to flow into the blends and sounds of Rob's Music.
