

Mp3 Zion Entity - The Dark Side Of Zion

[DOWNLOAD HERE](#)

A mix of Electronic, ambient and dance, but a whole new "style" I like to call Dark Transambient. This artist has been reviewed and rated as "Cutting edge" and "about to kick the worlds a**"..... 6 MP3 Songs
ELECTRONIC: Ambient, ELECTRONIC: Trance Details: Zion Entity is music created to be ingested by the mind and soul, the artist is a writer, does his own art, dables in film such as screenplays and is inspired by artwork that is Gigeresque and loves all things mystical. Zion Entity comes from Canada and is now home in Texas where the beat of the world influences his mood which in turn influences his music. The outcome of such music is now a new style he calls DARK TRASAMBIENT, a dark turn on magick and music for those who are tempted by the dark side of the soul. But be careful, the music starts out very soothing and trance like, but will throw you into a dance and a beat of the underworld. REVIEWS: "I think this music is in a class by itself. Although it has dark overtones throughout, it is highly addictive in it's trancelike qualities. The sound combinations are top notch, and the mixes have very smooth transitions. Overall, I think it sounds great!!" HeatherLeona.com

"Vengeful, insanely genuine music that could scare the bejeezus out of any God-fearing individual." "Your music is definitely on the verge of spawning originality...." Phrygia on funender.com

"I was checking out one of your tracks earlier 'No Free Will,' I like the dark atmospheres that you create... It may be dark, but I think that there's a lot to say for something being dark. Anyhoo, I really like '6 threescore 6' - great buildup and effective use of rythms. I used to listen to a group called 'Medicine Drum' and your stuff brings me back - it reminds me of the feeling that I got listening to it (only this time it's more of an "evil" feeling) Great job - you have more songs coming? Rob" Maximillian X on F3R

"Enjoying 6 threescore 6 right now... Great baseline and just an awesome overall mix.. I Like it Zion" KMP

"Reviewing: "Zion Entity" Alright for the criticism, hmmm... trying really hard to find something off, but so far everything rocks. I love this style, and your music is comparable to infected mushroom.....fine production...Keep up the great work and I'm sure you will go far..." Dj Nfinity

"Redux - Cool atmospheric/tribal beginning. I think everyone needs to have a vocal sample plugging their own stuff - it's just awesome when it's executed well. - - - This ZE does well. Not only that, but there is a cool female vocal sample thrown in a couple different strategic parts, giving it more presence than you might expect....If I had a chance to remix this, I throw some kick-ass drum breaks here - but I don't think that this was ZE's intention. I think it's really more of a hypnotic soundtrack to some dark ritual (insert your favorite dark ritual here). ZE has made a powerful presence in the trance arena here on F3R. I for one will be looking forward to his future tracks. " Maximillian X on F3R
