Dear Internet Marketer, Let me ask you a few simple questions? What if you had the same technological power used by major websites like About and CNN.com, that they use to sell their advertising space?

What if you could harness this powerful technology and use it on your own website basically for free? How much money could you make if you could increase your advertising dollars automatically, just like the major websites do? Well now you can, because I am going to show you step-by-step how you can setup your very own ad serving network for free! So that you can effectively start sell advertising space on your site, increase your blog profits, improve your affiliate commissions and Google AdSense checks by improving your conversions of placed advertisements! I know what you are thinking....What makes this training series potentially so profitable? For one you will be discovering a free alternative to a solution that businesses are spending major dollars on right now. Just that information alone is worth thousands! You will also discover exactly how powerful this rarely talked about software is and how you can easily use it to rake in BIG advertising profits! With this software you will be able to effectively manage and charge for your advertising space on your website. You are going to learn exactly how to: - Easily setup this powerful free software! - To quickly track your advertising clicks. - Sell impression space. - Sell clicks on your site from banners, links, and more! - Do all of this without having to pay a programmer or find an expensive solution. Your profits will soar once you tap in to all of the ad revenue youve been leaving on the table! Dont want to sell as space... This software can still increase profits overnight ! Lets say you dont want to sell advertising space, this software can still help you greatly increase your affiliate profits literally overnight! This software enables you to track your affiliate campaigns, so you know exactly which banners and ads are getting clicks and you can also track to see which placements are working best for you. Beyond that you can even use it rotate banners and test click-thrus so that you will always know which ad is performing best. Say for example if you have 2 banners for the same affiliate product of the same size you can place those banners in the same spot and this software will randomly and evenly display that advertisement, so over the course of a day or week or month you can look at the stats and see which banner is getting better click- thrus. This way you will know to always use that banner instead. Did I mention that you can use this software over unlimited websites with no extra cost? OK, the software sounds amazing, but how hard is it to use? Dont worry, you only need a standard hosting account and the ability to upload files to your server. If you dont know how its no problem, because Ill show you how to do this and so much more in this easy to follow video series! You will require a basic FTP program such as Filezilla (also free) and your hosting company must offer PHP and MySQL (most of them do) and if they dont, you should consider switching Now lets go over exactly what is included in this video training
