Osprey's examination of one of the most important battles of the Crimean War (1853-1856). The port of Balaclava was crucial in maintaining the supply lines for the Allied siege of Sevastapol. The Russian attack in October 1854 therefore posed a major threat to the survival of the Allied cause. This book examines in detail the crucial battle of Balaclava, including: the attack on the redoubts; the action of the "thin red line" in which an assortment of about 700 British troops, some invalids, were abandoned by their Turkish allies; the subsequent charge of the Heavy Brigade; and the most famous part of the battle: the infamous charge of the Light Brigade.
