Alien invasions. Firebombing racecars. Android replication. World domination. Fueled by pioneering arcade games this trio mixes vintage synths with live drum and bass for a full-on good time. 13 MP3 Songs ELECTRONIC: Dance, ROCK: Instrumental Rock Details: Alien invasions. Firebombing racecars. Android replication. World domination. Airport 81 excels in these concepts. Fueled by pioneering arcade games, the hybrid pop group conjoins a wide array of dancable rhythms, post-punk/new-wave basslines, and a barrage of neutron bomb blasts. Born with joysticks in-hand, the San Diego based trio fuses together what has been described as "a unique blend of conventional instruments and complicated electronics." Fully equipped with bass, drums, synth pads and analog circuitry, Airport 81 debugs stoic indie rockers, transforming them into full-fledged dancing robots. Pulling on the patch cables laid out by Kraftwerk, New Order and Trans Am, Airport 81 takes it too the next level and saves the princess
