techno dance happy music 15 MP3 Songs ELECTRONIC: Techno, ELECTRONIC: Dance Details: Some times people it best when you smile while you say something that may hurt some ones feelings. Then they may take it a lot less hurt full. Like you were just kidding or something. But hey you may have really meant what you did say. But you were actually smiling when you said it so the real question here is did I mean it or is it all in the way you take it? Happy diss. Its exactly that a smile and a eat sh grin so basically the thing is some times it takes a laugh after wards just to get over it. Or may be a punch in the face? I dont know how to say this but I dont like you. do you get it? Now wasnt that funny? Yeah its hilarious people. But you have to be good at it or you might make a whole lotta people mad at you. I remember one time I was at a party and the last thing was a participation effort by me to diss absolutely every body there and I had a few good jokes written down. So before I even started I said really fast, no body here is going to get this can you believe I said that? Then I drove right into the speech of ages. But first of all I dissed them all into the ground. Remember that one
