

Mp3 Dipsomaniacs - Smaller Than Life

[DOWNLOAD HERE](#)

The first Dipsomaniacs CD on Face Down Records - very raw garage rock, still lots of the poppy melodies Dipsomaniacs have come to expect. 12 MP3 Songs ROCK: 90's Rock, POP: Power Pop Details: Smaller Than Life is the first official full length from the Dipsomaniacs - dating back to 1996. The CD is raw and rockin' and the production decidedly low-fi. The blistering opening track, "New Rochelle", is still a staple of the live show and worth the purchase in itself. Also check out track 12 "On the Tile" - another fan favorite.
