

Mp3 Jenifer Jackson - So High

Sultry, soulful, melodic, intelligent, groovy, sexy delicate pop like an atmospheric combination of Norah Jones, Aimee Mann and a sister of Nick Drake. 11 MP3 Songs POP: Delicate, ROCK: 60's Rock Details: "...The way she sings makes the most cynical dreamer want to fall in love again, the high risk notwithstanding. Get out the vintage synths and keyboards, vibes and glockenspiel, church bells, bells of every kind, tambourine, cheesy drum machines, many stringed instruments and a handful of amazing musicians. Most songwriters would kill (or should) for the melodic sense and spirit of this urban angel. She's got beautiful music inside her. More and more I see that not all songwriters have beautiful music inside them. Many have a lot of words and feelings, perhaps some should find a partner for the music or try to write some stories...but the songs of Jenifer Jackson never fail to open my heart and allow a feeling of vulnerable wonder to reappear. No, I don't understand it--but I do feel it, every time, and am again surprised. It's so easy to shut down, little by little, so I'm ever grateful to the artists that crack me back open." frank goodman
