Country music for city folk. 7 MP3 Songs COUNTRY: Traditional Country, ROCK: Americana Details: Welcome to Miller's Farm, home of the best American music out of Brooklyn, NY. This is acoustic-based country, blues, folk and rock that evokes the mood of rural America, and combines it with lyrics and emotions that could only come from the city. The second track, 'Williamsburg Cannonball' best defines Miller's Farm. This twangy two-step is written in the tradition of train songs such as 'Wabash Cannonball' and 'Folsom Prison Blues'. But unlike the songs before it, 'Williamsburg...' definitely comes from the city, taking us under 14th Street in Manhattan with an anxious lover on the L Train. Singer/songwriter Bryan Miller's clear, strong vocals are at home through the different song styles and he is able to push the narratives along, drawing the listener's attention with him. The combination of solid, narrative songwriting, infective hooks, strong vocals, skilled musicians and clear production make this album one not to miss.
