EASY LISTENING: Mood Music, POP: Piano Details: This original music is full of life and diversity, with fresh ideas and complex melodies simply and beautifully portrayed. Peppered with fun, lightheartedness, and thoughtful exploration, both in instrumental and vocal formats, you will find this offering healing, peaceful, and brimming with celebration. Coming from a home where wholesome love was always shared, Quintin early began expanding his musical gifts on the piano by accompanying his mother when she sang. This was followed by years of joining with others to express themselves musically in bands, and often as Musical Director in various churches. As he grew in faith and continued to faithfully submit his heart to the Lord Jesus Christ, despite the pressures of issues many of us face, the Lord graced him with music from the heart of God to Quintin's. The vision for this music is expressed in it's title "What Jesus Means To Me." This vision was shared to include "Hallelujah Hannah" to write the lyrics and sing and others to participate with their special talents and heart for the Lord. The contributing artists include: Steve Brown of "Supposed To Music", Richard D'Abreu of "Jazz In The Spirit", Kirk Brown of "Chops Horns", A. Lee of "August Mood Concept", Kenneth and Camille Harper - consummate vocal artists, P.J. Kolozsy affectionately known as "Mommy of Many", and Kevin Archie of "Flight to Destiny." We believe you will enjoy these songs and find favorites from the "Flavors" of God's Heart in no time at all!
