The ability to touch every part of your musical soul is what The Garden of Noise can do with out saying a word. Something to ride to, something to chill to, something to relax to, and groove through. 10 MP3 Songs ELECTRONIC: Funk, ELECTRONIC: Trip Hop Details: What would you like to hear? A plethora of sounds are in this Garden, yet still so smooth with so much to choose from. Let us take you to the Southern US with a deep throbbing bass. Or better yet lets cross the Atlantic and get housed in the back streets of London. Or hook you to an Australian pulsating pace. Listen, Listen intently to each song and you will feel a message, a captivating movement perhaps, a center of gravity, a release of molecular tension, an overwhelming presence that could be noise or music. You choose!
