You've purchased this product with Master Resell Rights and Private Label Rights. You are free to sell it and keep 100 of the profits. As you can see, I know what it takes to generate ludicrous sums of money with Resell Rights products, and as you'll soon discover, it's so easy to do once you've been properly trained. Imagine yourself waking up in the morning, rolling over and checking the alarm clock to see that it's 10:00AM. You're fully refreshed... completely revitalized because the alarm didn't shock you awake like it used to... no, now you wake up when you wake up, because you're simply not tired anymore. Next you take a leisurely stroll down to your computer, coffee in hand, and turn it on. After it boots up, you check out your merchant account balances and they have seen a heavy flow of incoming payments, just since you went to bed. Hundreds... maybe even thousands of dollars with your name stamped all over them are just sitting there waiting for you to spend them however you see fit. The rest of your day is yours to do as you please... maybe you throw in a couple hours of work (if you could call it that), and then you're off doing the things you love, mindful that you never have to worry about money again. You are finally free... Sound like a wild fantasy? It's so much more than that and can soon be your reality. My 1st tour of

duty... I wasn't always a 4 Star General. At one time I was a private too. When I first tried my hand at Resell Rights I struggled to make money with them. In fact, I became so frustrated early on that I nearly packed it in and gave up on them altogether. Thank goodness I didn't because now I'm bringing in paydays like the one below on a regular basis... Paydays you'll be bringing in too... if you want it... if you're finally ready... That's right. I went from no-cash to more money than I know what to do with, because I stuck with it. And the difference wasn't one big mysterious secret that "struck me like a bolt of lightning" one day when "I cracked the code". Nope. That's just crappy copy talk. The secret is that I'm one stubborn chick and me and failure are mortal enemies. So, I dug in deep, locked myself away in my office for several long, grueling months, and I studied every successful Resell Rights marketer in the industry. I spied on them, I 'borrowed' from them, and I closely watched their every move. I started seeing consistency... I started catching methods and strategies... Some of this stuff was pure genius. Some of it was stupid simple. And almost all of it was a license to print money. Finally got my stripes... Once I realized what these top gun 6 figure Resell Rights marketers were doing, I began implementing these same techniques into my own business. I started testing them, tracking them, and tweaking the hell out of them. I was on a mission, and there would be no stopping me. Suddenly, things started happening. I'd start getting a sale or 2 a day. I'd tweak and add new techniques into the mix, and then I'd get 4 sales a day, and then 8. It was like a giant snowball made of money that kept getting bigger and bigger, all the while I was constantly tweaking and improving, until I had a step by step formula that could be plugged right in to withdraw cash anytime and anywhere I wanted to. In just a few short months I became one of the most recognized Resell Rights marketers and was easily pulling down 6 figures with Resell Rights alone. And, this step by step formula I developed... Well, I've journaled this stuff since day 1, every ounce of potent money making strategy, and I'm about to impart this knowledge to you, step by step, the entire 6 figure Resell Rights system... if you want it. If you're ready for that kind of success... Time for your online physical... When I recently sent out our troops on that Reconnaissance and Surveillance mission I mentioned earlier... The results were saddening. People... marketers... good folks just like you, were on the verge of giving up. Some of the many unsettling things we heard were: "Burned out, tired, mislead, jaded, cynical..." "Unable to make money online and wonder if it's really possible..." "Information overload meltdown and very little good information at that..." "Completely frustrated and unsure who to trust..." "Generally discouraged and ready to pack it in..." No doubt about it, these folks were dying for some kind

of real help and not getting any at all... their wallets were getting lighter, not fatter as they should be... because that's what this is all about right? Getting online to make money so you can enjoy your life. Not struggle miserably... If any of the above rings true for you, I want you to know something. You CAN do this. You CAN make more money than you ever imagined possible. And you can do it without having to go through the heartburn and heartache of product creation... once you have the formula I'm about to impart to you with the...
