Create PDF Files From Any Printable Document in a Few Simple Clicks! "Now You Can Create Stunning PDF Files in an Instant - Without the Expensive Software!" Five minutes from now you can start transforming any of your documents - text, images, web pages, or whatever else you want - into universally readable PDF files. You'll find full details in my new ebooklet, imaginatively titled "How to Create PDF Ebooks for Free!" This simple report will show you exactly where to find free, full-version software for making PDFs. This software is so EASY to use, you probably won't even bother to read the

help files! If you can type an email, you can start publishing your own Media-Rich PDF Ebooks in just minutes. But don't let its simplicity fool you! The PDFs you make will be every bit as professional, secure and interactive as the ones you'd make using other expensive programs. Just Look at the Features You Can Add to Your PDF Files... You can include active links to websites or email. You can include pictures or charts and other multi-media elements. You can include bookmarks to make your PDF easy to navigate. You can password-protect your PDF document with 128-bit encryption. You can disable the copy/paste function to prevent theft of your work. You can disable the print function. You can secure sign your PDF using your digital certificate. You can automatically add page numbers to your ebooks. You can add watermarks (stamps) to the background of your PDF pages. You can rotate the pages (very useful if you're creating a PDF from, for example, an Excel file or a PowerPoint document). You can combine several different documents into one PDF file. (Use 'batch' mode and you can even combine multiple documents into one PDF while you're away having a coffee!) You can embed specific fonts into your PDF. You can specify the page sizes for your ebooks. You can create an unlimited number of full-featured PDF files. No restrictions, no royalties, no 3rd-party ads. And more... This product is inclusive of ready made web site allowing you to resell this software instantly. Additional items such as graphics, marketing articles, promotional text and other items may also included with the package as well.
