

Law, Liberty, And The Competitive Market - Bruno Leoni

[DOWNLOAD HERE](#)

Law, Liberty, and the Competitive Market brings the clash between law and legislation to the attention of economists and political scientists. It fills a void and offers a series of texts that have not previously been translated into English. This anthology connects various articles by Leoni on economics and law with the objective of emphasizing how much Leoni's own theory in the juridical environment was influenced by reflection on authors of the Austrian school—from Carl Menger to Ludwig von Mises, from Friedrich von Hayek to Murray N. Rothbard. The essays dealing with economics help us understand how many of Leoni's positions were libertarian. This is an important work by a figure only now being recognized as a pioneer in the field of economics and an innovator in political theory.
