

## Mp3 Blindfold Gemini - Folk: Modern Folk

Blindfold Gemini is a quiet and eclectic folk album featuring acoustic guitar and vocal harmonies. 12 MP3 Songs FOLK: Modern Folk, FOLK: Gentle Details: Blindfold Gemini is a labor of love. I've been working on this album, on and off, for about five years. It's got a fairly quiet feel overall, with an acoustic guitar and some nice vocal harmonies tying the whole thing together. I originally started recording so I would have something to play along with, but then it just kind of took off. I found that I enjoyed the process of recording, enjoyed the process of writing songs, and, perhaps most importantly, enjoyed listening to what I had recorded. Up to now, I've shared my music only with family and friends. I've never played live in front of people, since I am by nature a shy person, but my wife suggested that I release an album of my stuff on the web, and I figured I might as well give it a shot. These are the best songs I've recorded over the last few years--check out "doin' the best that i can," "your eyes are a deeper green," "just the way i am," "sitting on the front porch," and "henbean soup." I hope you like them.
