Many people didn't know about this at the time, but he knew what he was doing. DJ Myth's first techno experience was when he had attended a DJ Heavygrinder event (don't ask how he got in). From then, he knew he wanted to raise the standards and get the crowd moving just like her, from then he practiced with vinyls (that didn't work too well), so he kind of gave up until he noticed another alternative, mind you digital dj's don't get respected often but he was determined to earn it.
