Old Hymns done in a today vein..New. Exciting. Different. A truly great Pop singer doing something she's always wanted to do. Listen. Enjoy. 11 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Traditional Gospel Details: Sunday Morning In America Every Sunday, for almost all of my life, I have heard and sang most of these songs in a quant little church in Georgia. (Although not exactly like this!) They have a special meaning for me, and I hope for you. My arranger and producer, Gerald Nelson, is kind of "Musically Weird" so after you get used to what he's doing, please sing these wonderful songs along with me. Perhaps, together, we may discover a new feeling of resolve. The freedom to say what we think, worship as we please, and raise our children in a world free of terrorist, is very necessary to our way of life. Sometimes music like this helps.....Prayers for our Soldiers, our President, and our Country. Katiah More Katiah....Look for the Albums: "Midnight Madness" in soft rock, and "KATIAH" in Latin-pop, both now on CD BabyComing Soon at CD BABY! Another soft rock album by Katiah: "Purple Heart" and for the holidays Katiah's album " 'Twas The Night Before Christmas"
