People who are interested in Gsta Linderholm should consider this download. Details: LonGubbs, a new Swedish/Norwegian constellation. Two swedish musicians, me and Anders Strmberg, both found our different ways to Arne Longum, a singer/songwriter from Norway. We found his heart-felt songs enormuosly inspiring, so we combined our rescources and arranged his songs in a lot of different styles

The result came out on this CD. It is some contry, some blues, a somewhat happy jazz-bossa, and some other styles to. And of course, it is all based on swedish "visa", something like "folk" but not really. Arne is sometimes compared to Gsta Linderholm, another swedish singer/songwriter. Of course we are inspired from a lot of different sources, to many to mention, but we all have a great respect for swedish songwriters like Evert Taube, and Cornelis Wreeswijk. (He is acually from Holland but lived in Sweden and wrote in swedish)

Anders Strmberg has earlier, among others, worked with the swedish Jazz-musician Malte Sjstrand, and I am a singer in the swedich soul- and gospel-choir One Voice. I hope you will enjoy listening to this record ! Gunnar Carlman, Producer Det hr r den frsta LonGubbs-CD:n

Anders Strmberg och jag har p olika stt funnit vgen till Arne Longum, en norsk trubadur. Vi upplevde hans krlleksfulla snger som en stor inspirationsklla s vi slog ihop vra psar och arrangerade hans snger i flera olika spnnande stilar. Det r en del country, lite blues, en ovanligt glad jazz-bossa, en del obeskrivligt (i positiv mening frstss) och som ni frstr, svensk visa ! Vi r inspirerade frn mnga olika hll, men vi har alla stor respekt fr trubadurer som Evert Taube och Cornelis Wreeswijk. Anders Strmberg har bland andra spelat med jazz-musikern Malte Sjstrand, och jag sjunger i soul- och gospel-kren One Voice Mycket nje med vr

musik ! Gunnar Carlman, Producent.
