Country Rock and Rock N'Roll 17 MP3 Songs COUNTRY: Country Rock, ROCK: 90's Rock Show all album songs: Big Man Talkin' Songs Details: I wrote what I felt until I had enough songs!The way it sounds is the way they came out!This CD "Big Man Talkin'" is a little country and a little rockn'roll and I like it like that!The album was recorded with no preconceived notion or plan as to what the record would be like. Instead the songs speak for themselves on their own terms. I like it! It was fun to make and it 's only the beginning!Nothing replaces a smiling face and mine is smiling all over this new album. Before this solo CD came about I was in a band called The Nite Rays. We made three CD's as independent artists on the net. The Nite Rays experience was a blast and I love those three albums but...It was time to move on! The music on "Big Man Talkin'" uses acoustic guitars and dobros on some tracks and electric guitars on others. I feel greatly proud of this record and I sincerely believe it will touch the listener.Give it a try! Mark St.john/November 2006
