Beautifully crafted songs, mellow and gentle. A true masterpiece. 12 MP3 Songs POP: Delicate, EASY LISTENING: Love Songs Details: Michael Henry Singer / Songwriter / Guitarist Berlin, Germany Artist Information Born in Australia and currently based in Berlin, Michael Henry has released and toured albums in Australia as well as the United Kingdom. His third album titled 'With You' is finally released. Michael studied Music at the University of Western Sydney and majored in performance: guitar and vocals. He was taught by Sydney's master Blues/Folk guitarist Bruce Reid. "With You" began as a new solo project to allow greater exploration of a range of different musical styles. Drawing on influences as diverse as composers Nicholas Lens and Henry Mancini to the electronic styling of Boards of Canada and the thematics of Ween, Michael Henry's new songs highlight the diverse harmony and beautiful voice that is inherent with all of his music. While still guitar-based, the album crosses into genres including hip-hop, pop, electronica and TV/film. More chilled and at times moody, the resulting sound is fundamentally filmic and very contemporary. With You is an album that is touching the heart of its listeners.
