Pär Edwardson - the legendary guitar-player from the Swedish blockbuster-band Biscaya finally releases his first solo-album. This unique masterpiece is mostly made by Pär himself, on an 8-track cassette portastudio, but wouldn't be quite as remarkable without the efforts from his very good friends Ia Eklund (Freak Kitchen), Kee Marcello (Europe, K2), Tomas Lindberg (At the Gates, Great Deceiver), Charlie Storm (Blue for Two, Roxette, Haunted) and Björn Nessj (TNT, Dance With a Stranger, Ian Hunter). The album contains 12 original songs and three covers: "Whip It" (Devo), "Thunderball" (Tom Jones) and "Das muss ein Stck vom Himmel sein" (Strauss). PÄR EDWARDSON has also been working, as producer and musician, with, among others: Max Martin, Psychotic Youth, Mary Beats Jane, Stonecake and the classical trumpet player Ole Edvard Antonsen.
