Now back in Los Angeles, Rowan has recently released LOST AND FOUND, his latest collection of melodic pop tunes. It features performances by some of the recording industry's finest session players, including Larry Cohn, Robert Berry, Kevin Harris and Barry Fasman -- studio musicians who have recorded with Bette Midler, Barry Manilow, Dan Fogelberg, Burt Bacharach, Julio Igesias, Diana Ross, Billy Joel, George Benson, and many others. It was recorded at Foz Sound (Kenny G, Brenda Russell, Pat Benatar, Don Johnson Stephen Stills) and Theta Sound Studios (Isaac Hayes, Ray Manzarek of the Doors) in Los Angeles. It was "mastered" by Nancy Matter, of Moonlight Mastering, Burbank, CA, a long-established mastering engineer at Walt Disney Co. Besides Barton Music, Rick has written for several music publishing companies in the past, including Famous Music, Pride Music, Welk Music, and Chappell Music. Rick now has his own independent publishing company, Colella Songs
