Words plus beats from this collective native from Caracas/Venezuela. 10 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: Hip Hop Details: System is a Rap collective from the city of Caracas/Venezuela. The three formal voices are Neizer, Simer and Sven-G-Thang plus the musical production by Armando Gmez a.k.a The Pro-fessor. This is not only about rap, this is about everything. We got a lot of things to say and that is the north of our lyrics. Rhymes, phrases, ideas and everything about our mode to see life. We know that music doesn't have limits and if it is good, will be good anywhere. That's why we say that we are from planet earth without frontiers, instead of locating ourselves in a little district or zone. We are just three humans playing with thoughts, facts and words... Peace. System Crew.
