T-Ray attended Willowridge High school where he met rap artists Z-Ro and Bud-E-Roe. in 97, prior to the first Guerilla Maab release T-Ray was convicted of another Aggravated Assault an had to serve a five year sentence. while incarcerated, T-Ray pressed on perfecting his writing and performance skills. unlike most Texas rappers, T-Ray does not have the man I'm gone come down and screens gone fall syndrome. This is just on reason why T-Rays lyrics are unlike no other. T-Ray continues to make heart felt lyrics (ie.mama told me) like "moma look what they did to me i never acted like this in the free...now my mind capacity is similar to a savage beast because I flip before the count of three." in the song "survive" T-ray explodes again with "my ace boon doing a bid...don't worry bout your daughter I gone treat my neice like she one of my kids..." "I gone grind for it...if da blocks slow pull the nine for it...you wonder how I earned my strips i did the time for it." T-Ray has released two underground releases entitled " da original guerilla" and "S.T.I Poster Child" and is scheduled to release "Live Bad 2 Die Good" in 2005. T-Ray is leader of the infamous S.T.I. and is affiliated with Ao, Bud-E-Roe and Def Jam/Straightlace recording artis Krugar and Blocktoters. His moto is "never take no for an answer", "Stay 2 steps ahead of these niggas", "Come see me bitch". "S.T.I till i die", "da only way i'm falling off is slipping up on your blood". you feel me.
