As you may have noticed, online multimedia has really emerged as a powerful business tool. The purpose of this report is simply to open your eyes to the possibilities out there. Online audio or video can be used in sales letters to aid in the sales process, on squeeze pages to increase your opt in rate, on eBay to better describe the auction, expert interviews, testimonials, video blogging, and the list goes on

and on. The core factor in all of this is that giving your prospects something they can see and/or hear builds credibility and trust therefore leading to increased conversion rates, more sales, and ideally more money in the bank for you. Let me start by answering one of the most frequently asked questions regarding online audio and video. Is producing online audio and video hard? Absolutely not. This is one of the biggest misconceptions out there. If you have a computer, computer microphone, and some free software, you can easily produce and publish online audio. _____ Go to my Tradebit page for more great products on many Internet Marketing topics. abihud.tradebit.com/
