Twilight : a novel / by Stephanie Meyer. — 1st ed.

Summary: Grade 9 Up—Headstrong, sun-loving, 17-year-old Bella declines her mom's invitation to move to Florida, and instead reluctantly opts to move to her dad's cabin in the dreary, rainy town of Forks, WA. She becomes intrigued with Edward Cullen, a distant, stylish, and disarmingly handsome senior, who is also a vampire. When he reveals that his specific clan hunts wildlife instead of humans, Bella deduces that she is safe from his blood-sucking instincts and therefore free to fall hopelessly in love with him. The feeling is mutual, and the resulting volatile romance smolders as they attempt to hide Edward's identity from her family and the rest of the school. Meyer adds an eerie new twist to the mismatched, star-crossed lovers theme: predator falls for prey, human falls for vampire. This tension strips away any pretense readers may have about the everyday
