Gina,info@pilgrimdesign.com The most original, outrageous and infectious music to come from Hungary since Bela Bartok set the string quartets of the west on fire!!! At once totally familiar and strangely foreign. This cd is dangerously addictive... Ravan@southwestsoul.com From the underbelly of Budapest, Hungary comes the brilliant female-fronted hip hop wave-maker called Anna the Barbies. Along the lines of Missy Elliot, this group puts out professional quality, commercially appealing hip hop/R&B and rock mixtures that consistently push the boundaries and definitions of urban music. Mixing musical vocabulary from western pop styles to the sounds of Eastern Europe and beyond, their tracks are suprsisingly fresh and dynamic, making use of the entire harmonic color spectrum from East to West. Watch out for this group- they're bound to go all the way...CDBaby The best cd I've bought this year. The only thing better is to catch their live act...Helen Wright, womensportreport.com
