Real Rhythm and Blues, not like current R&B. Phenomenal well written music. 13 MP3 Songs

URBAN/R&B: Traditional R&B, URBAN/R&B: Retro-Soul Details: Danny Rich grew up in a family of musicians from Baltimore, MD, and began singing in the church at an early age. This gospel foundation bred Dannys voice to be strong and soulful. His music career blossomed during his college years at the University of Delaware, where he promoted his talents relentlessly. This passion for music led to performances with an array of top selling artists such as, Calvin Richardson, Floetry and Byron Cage. It also attracted Delaware record label Wonderland Musiqs attention and led to the creation of Danny Richs self-produced debut album ALL THAT I AM. He hopes to be the breath of fresh air that many say R&B music needs. This reflects in his performances, where he leads a live band. On his first work, Danny Rich is successful at balancing his traditional roots in soul music, and his affinity for the modern sounds.
