Premium grade American Roots music dripping with Telecaster guitar and Pedal Steel sounds 11 MP3 Songs in this album (46:52) ! Related styles: COUNTRY: Alt-Country, COUNTRY: Americana People who are interested in Bob Dylan Uncle Tupelo Gram Parsons should consider this download. Details: Here's the long-awaited follow-up to Backroads Heart Attack. It not only represents an evolutionary leap forward in Jeffs songwriting, but with the Telecaster and pedal steel soaked musical setting supplied by his band The Wayward Angels, it offers a striking musical snapshot of these uncertain and unsettling times. Peopled by a diverse parade of down-on-their-luck Jesus freaks, outlaws, jilted lovers, jaded poets, disaster refugees, hungry ghosts, drunks, junkies, and bums, Tales of Wayward Angels takes the listener to a musical landscape where acoustic-oriented ballads meet driving alt-country rockers. The result is a churning brew of premium grade top shelf American Roots music.
