Original acoustic melodic pop. One guitar, one voice. 10 MP3 Songs FOLK: Modern Folk, POP: Folky
Pop Details: Newly mastered at Richmond Studios, Dublin, Ireland, 2006. 'Fallon has to be one of the
greatest songwriters I've ever heard. Now's the time to encourage him; before the majors pick him up.
Then again, I'm not sure they'd be able to recognize him for what he's worth. But don't let that stop you
from buying this album, there's just no way you can be disappointed' - from review by A-J Charron,
