Thoughtful lyrics that lead you on a journey in another realm populated with melody, want, and woe. 7 MP3 Songs FOLK: Folk Pop, FOLK: Modern Folk Details: Well, this is my music. I don't have any rave reviews yet or newspaper stories. Magazines don't know my name and I've never been on t.v. so all I can say is this is my music. I've worked and dreamed and gotten to this point all on my own. I started off a terrified 16 year old girl standing on a stage shaking so hard I could hardly play guitar. Singing my own songs scared the hell out of me but I needed to do it . I loved it . It got easier . There were people who believed in me and there were people who didn't. oh well. I knew that I wanted to sing my own songs and make my own music. The songs I write are stories. Some come from my life and some come from another realm. Some come quickly like they already existed but needed to come through me . Some are a pain in the ass and take years to finish. This my first album is a combination of both . I know that some of my songs are sad but I am not necessarily a sad person . I think there is a beauty in sadness as well as happiness. And maybe these songs need to exist. The songs of mine that confuse me the most are the ones that sound like they have existed for a few hundred years. I imagine the bards traveling to all the little towns spreading myth and legend. Tales of love , battle , woe and want. I guess you will have to listen . See where the stories take you. How do you interpret the stories. Sometimes I wish that I could hear 1000 peoples response to one song . See what it meant to them. learn what they felt , or didn't feel . Maybe they liked it maybe they did. Thats music I guess, and this is mine. Tags: folk music
