Americana ,Folk, Pop 17 MP3 Songs POP: Folky Pop, EASY LISTENING: Mature Details: Drift Away is Marjo Wilsons second CD. Drift Away was mostly recorded and mixed by Marjo herself and with an interesting outcome. Marjo played all guitars, piano, all vocals and some Bass. Her husband Morten helped out with Bass and all the technical support throughout the entire project- recording, mixing, mastering- etc... This album is dedicated to Marjo's hometown in Northern California: a mellow relaxing collection of songs that will let you "drift away 'cross a field of oats..." Marjo is also an accomplished fine artist- mostly painting in watercolor and acrylic- and also loving to draw with charcoal. Check-out some of her work in the bunnysmoke photo gallery.
