

Mp3 Mark Mallman - The Red Bedroom

[DOWNLOAD HERE](#)

This darkly seductive 10 song diary of sleepy road stops and sleepless hotel rooms is a digital update to your father's collection of dusty vinyl. 10 MP3 Songs ROCK: Modern Rock, ROCK: Glam Details: "The Red Bedroom" is the newest offering from Minneapolis rock icon Mark Mallman. This darkly seductive 10 song diary of sleepy road stops and sleepless hotel rooms is a digital update to your father's collection of dusty vinyl. The recording was created while shuffling computer files between recording studios and the PC in his bedroom. The overhauling of the mid-seventies in a blurred haze of drunken pianos and stoned guitars manages to skirt all notions of the information age. "The Red Bedroom" has the scope of an epic and the intimacy of a warm bed.
