Original, positive, motivative, inspirational, conscious dub vibrations. 13 MP3 Songs ELECTRONIC: Dub, REGGAE: Roots Reggae Show all album songs: The Man with the Pitcher Songs Details: Peace and much love to all! This is the best of Notty-D from the archives vault, spanning from reggae dub to electronic ambient. I sang with various R&B groups, lead and background vocals. The last group was called "Perfect Image." We did local shows of Motown classics, but when my originality started to surface, we drifted. I wanted us to live up to the name! I wanted to record our own songs. Obviously, I left the group. I joined the church choir and soon after became the director. Yes, I love the lord! Now, 2007 at age 40, I'm looking to really make it work! Collaboration, communication, meditation! Notty-D stands ready! Ready to work with anyone willing to give thanks and praises with song and instruments!
