A drummer and bassist duo, boldly fuses elements of acoustics and electronic music to create a cinematic and almost ethereal ambience. 4 MP3 Songs in this album (14:35) ! Related styles: ELECTRONIC: Chill out, ROCK: Post-Rock/Experimental People who are interested in Thievery Corporation DJ Shadow Sound Tribe Sector 9 should consider this download. Details: In 2006, bassist Ganeda and drummer FakeSB formed the sound unit, Size of Fullbite. As the two were past rock band members, they took a mutual interest in the components of chill-out, ambience, instrumental hip hop, beat, and electric music, combined these styles with their root in acoustic instruments, to create their own methodology and finally, release their self-titled EP. Their debuted EP contains a wide-range of sounds, from dramatic songs made of dry and striking beats to ambient and shoe-gazing-like guitar pop. So rather than simply mixing different genres, they create a category of their own. The participation of Verbal Jint, a highly regarded musician in the Korean hip-hop scene whos a friend of the group, and Eui-Jun Jung, also a colleague and guitarist, adds credibility and substance to their music. Its difficult to find music that exudes Sound of Fullbites kind of air, because unlike most artists whose styles stem from an affection and curiosity for a single specific genre, Sound of Fullbite blends an interest and knowledge in a variety of styles and continues to strive towards creativity with a desire to express something new.
