

Mp3 Southern Dynasty - Let It Reign

[DOWNLOAD HERE](#)

"LET IT REIGN" is the album that took New Orleans by storm. Southern hip-hop gumbo gangsta funk. 15 MP3 Songs HIP HOP/RAP: Southern Style, HIP HOP/RAP: Rap Details: "LET IT REIGN" is the album that took New Orleans by storm. Believed to be the future of New Orleans rap."LET IT REIGN" single handedly threw the Southern Dynasty into the major labels radar with little to no promotion. The first single from "LET IT REIGN" "COTTON FIELD" was thought of as new wave hip-hop. Stated by many in the business, "here was the second coming of OUTKAST".....Considered the group that was not scared to be different; this album said it all. "LET IT REIGN" spoke about what was going on in New Orleans at the time. Dark with social commentary and a splash of that New Orleans party spirit.."LET IT REIGN" was ahead of its time during its release and it still holds true today..... Creeping from the secluded bayous of New Orleans Louisiana comes a group that has the ability to change the face of music, as we know it. Cooking up a brand of Southern-hip-hop-gumbo-gangsta-funk. Southern Dynasty has nothing but pure talent to offer the world. With just enough southern dialect and a pinch of southern hip-hop slang, the Southern Dynasty is ready to dish out bowls of southern hospitality. This group consists of two members; with two very distinctive personalities.----- Red R.O.C. a.k.a. CROCKETT a.k.a Don Juan D'Marco Home: Wherever he lays his head Date of birth: At the first drop of life Speciality: ALL NIGHT FLIGHTS Motto: "LIVE TO HUSTLE"----- GEMINI (GEM) a.k.a. TUBBS a.k.a.
