II. The Power of Sanskrit Chanting The power of chanting comes not just from the meaning of the syllables, but from their direct vibrational effect on our bodys physiological and energetic systems. Sanskrit is an energy-based language, and chants and mantras are spiritual formulas for working with this energy. They are designed to eliminate obstacles as we progress spiritually, and to help us make energetic progress toward the good.

III. Biography Swami Medhasananda is a Hindu monk of the Ramakrishna Order of India, a worldwide spiritual and humanitarian organization, known as Vedanta Society outside India. This organization propagates the
