This is where it all started...Unknown Prose, the consummate Hip-Hop duo of B.Eveready J.Sizz, released their creative full-length debut Knowteworthy in 2004...call this a lyrically stimulating ride through the minds of 2 live young Black Men. 12 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: East Coast  
Details: Knowteworthy is the debut album from 2 of the Boston underground's finest MC's, B.Eveready and J-Sizz, collectively known as Unknown Prose. Recorded in 2003 and released in 2004, all you have here is 12 tracks of the raw uncut. Knowteworthy takes you through the mindstate of the intellectual ghetto youth and only asks that you "Just Listen". All 12 tracks were produced by J-Sizz, and his wizardry behind the boards is nothing if not hot and original. Eveready and Sizz met each other in high school, but did not form their talented group until 2000. This album is the apex of that union and what can happen when artists create from their soul. While their sound is not as refined as it has become in the subsequent years since this release, the lyrical ability, concepts, punchlines, and flow all rear their ugly heads on this disc. Cop this if you want to hear the genesis of 2 Boston rhyme legends.
