Beautiful, earthy organic, chilled electronica/ambient. 15 MP3 Songs ELECTRONIC: Down Tempo, ELECTRONIC: Soundscapes Details: This music is produced by one person on a laptop with the modern tools of music production. Its music that tends toward the quiet end of electronica: atmosphere with beats. It's a bit unique in its emphasis on chordal progression and pad movement, often entirely lacking any lead line. In the more successful tunes a melody is implied more than defined. I began this enterprise because I was no longer able to find music that engaged and excited me the way music did at one time. I had enough tools and experience to move ahead with this and naturally learned a great deal more in the doing.
