

# Nathanael Greene

[DOWNLOAD HERE](#)

Upon taking command of America's Southern Army in 1780, Nathanael Greene took on an army that consisted of 1,500 starving, nearly naked troops. Within a year, the small worn-out army was transformed into an elite fighting force. In a new approach, Carbone chronicles Greene's unlikely rise to success and his fall into debt and anonymity. EAN/ISBN : 9780230612938 Publisher(s): Palgrave Macmillan Format: ePub/PDF Author(s): Carbone, G.
