Stolen Memories by Carol Lynne On the eve of his mother's funeral, Aden Brousseau met Victor DePasse for the first time. For years his mother had warned him to stay away from the dark-haired neighbour, but on that particular evening, Aden hadn't listened. He'd been fascinated with the handsome man since the day he'd overheard his mother and grandfather refer to Victor as a vampire. Now, twenty years later, Aden once again is in the presence of Victor DePasse. Only this time he's older and knows exactly what he wants. After years of visiting his charge in his dreams, Victor suddenly has the man he's fallen in love with in front of him. Does he defy his orders and make Aden his, or does he obey and give Aden up to his destiny?

Stealing Rain by A.J. Llewellyn and D.J. Manly In the not too distant future, water becomes so scarce the hunt is on for any drop on other planets. Drew and Trace, former lovers find that love, not just rain, is high at any price. Drew Lecour was once the pride of the military, until he'd decided to leave the federation and became a rogue, selling water to the highest bidder. Trace had a history with Drew, one that involved some hot sex and broken promises. And now, after not seeing him for years, Drew and his crew suddenly show up on a planet Trace has been contracted to protect, a planet where Drew is set to drill for water. Trace doesn't have a choice. He has to defend the water supply. His men are waiting for their leader to give the order to kill, but he can't bring himself to do that. So he confiscates Drew's equipment and takes him prisoner; but having Drew naked and at his mercy proves far more challenging than he'd anticipated, and then, there are others forces at play.

Hotwired Heart by Jaime Samms A good car thief needs sixty seconds, but grand theft heart might take even less time than that. Freedom and trust; opposite sides of the same coin that could give expert car thief, Marky, the win he's looking for. Little does he know escaping his gang ties will lead him through heartbreak and into cuffs he hadn't even

thought to watch out for. Now he can trust the powerful man who wants to help, or he can keep running. It all depends on how much he values his freedom, and whether or not Roland has managed the impossible; hijacking Marky's carefully guarded heart. The Magic Thieves by Serena Yates Elryk Muyd'omir is the most powerful lightning wizard born on Tah'Nut in two hundred years and a pacifist. When he refuses to co-operate with the illegally ruling Xoh'kas family they torture and kill his lover. Rather than risking the death of thousands by losing control over his lightning magic in his rage, he flees to Earth-a place without magic. When the gateway that connects Tah'Nut to other worlds opens Elryk knows that the Law Forces have found him. It is time to either face cruel punishment or fight. Kaythan Vs'urr is a Law Force Commander who is sent to retrieve the criminal wizard Elryk. He is expected to return him to Tah'Nut for 'reprogramming'. Secretly disgusted with the Xoh'kas' lack of determination to stop the magic thieves, he has decided to win Elryk for his plan of defeating them. All they need to do is find the fabled Magic Shield to prevent further thievery. Can Elryk trust the gorgeous Law Commander who wants his help? Will the two men be able to work together to defeat the Xoh'kas and eliminate the magic thieves?
