

The Shadow Of A Crime - Hall Caine

The central incident of this novel is that most extraordinary of all punishments known to English criminal law, the peine forte et dure. The story is not, however, in any sense historical. A sketchy background of stirring history is introduced solely in order to heighten the personal danger of a brave man. The interest is domestic, and, perhaps, in some degree psycho-logical. Around a pathetic piece of old jurisprudence I have gathered a mass of Cumbrian folk-lore and folk-talk with which I have been familiar from earliest youth. To smelt and mould the chaotic memories into an organism such as may serve, among other uses, to give a view of Cumberland life in little, has been the work of one year. The story, which is now first presented as a whole, has already had a career in the newspapers, and the interest it excited in those quarters has come upon me as a surprise. I was hardly prepared to find that my plain russet-coated dalesmen were in touch with popular sympathy; but they have made me many friends. To me they are very dear, for I have lived their life. It is with no affected regret that I am now parting with these companions to make way for a group of younger comrades.
